ACKNOWLEDGEMENTS

As editor of this volume I wish to acknowledge my gratitude to all those who in various respects have been involved in the publication process. Lennart Karlsson, representing the Museum of National Antiquities in Stockholm, kindly supplied the image for the front cover. Simon Forde at Brepols and copy editor Heather M. Padgen have always been very helpful and willing to give professional advice in different matters. The manuscript has been read, partly or wholly, by Hans-Jochen Schiewer and Veronica O’Mara and I am grateful for all their competent suggestions. The book is the result of a conference held in Stockholm in 2004, and I thank the Swedish Research Council (Vetenskapsrådet) for generous funding.
